## MESSAGE

### FROM THE DESK OF THE CHAIRMAN

#### MISSION

The mission is consistent with the commitment to excel in thought and action, impart broad knowledge, skills and mould attitude needed for careers in the noble profession of Paramedical Sciences by careful guidance and instruction for self learning in both formal and informal modes. To practice medicine ethically in line with the global standard protocols. To inculcate high moral, ethical and professional standards among students and to improve their overall personality as well as to inculcate compassionate behaviour.

#### VISION

Our vision is providing quality and affordable education in the field of health care Science to all we believe that every person deserves quality education irrespective of their financial and economic standard and we are working towards the same.

The objective of the Apollo Paramedical Nursing Council of India regional office in Delhi & Head Office in Lucknow is to provide trained and qualified Medicare services to the society. With the increased burden of diseases today, there is growing demand for trained paramedics in our society. The Institute offers strong foundation for students, who wish to pursue a career in paramedical sciences, especially bringing back smiles to the ailing people.

We, at Apollo Paramedical Nursing Council of India, aim at creating the essence of learning among students and not merely scurrying through the courses. Our Institute is committed to prepare them for the world ahead in the best possible way. The Institute shall instill values and impart proper training to all, wishing to sustain their careers in the field of paramedics.

As a founder of this Institute, it is my proud privilege to place on record that, Apollo Paramedical Nursing Council of India has excellent, self sustaining infrastructure and faculty of eminent professionals and teachers. The Institute presents an academic atmosphere that goes beyond chalk and talk. It believes in imparting its students the basic and advanced knowledge of a subject besides polishing their technical skills.

Finally, I welcome all the students who are looking toward to pursue paramedical sciences as their career and would like to serve the society with an aim to alleviate suffering, and thus, become an asset to the
